Re: Yosemite Creek Superfund Site

Dear Mr. Reiner:

This letter is in response to your February 21 letter to Mr. Tom Lynch, CEO of Tyco Electronics, regarding Raychem Corporation and its potential liability with respect to the Yosemite Creek Superfund Site.

Regarding your request for contact information for the spokesperson and members of the PRP Steering Committee, I understand you have already been contacted by Nico VanAelstyn who I understand is involved with forming and/or representing a Committee for the Yosemite Creek Site.

In response to your request for a contact for future correspondence from EPA to Tyco Electronics/Raychem regarding the Site, please direct any such correspondence to me; my contact information is as follows:

Carl B. Schultz

Phone: 717-986-7937
E-mail: cbschult@tycoelectronics.com

Please let me know if you have any other questions.

Sincerely,

Carl B. Schultz
